POWERstixx

The new mains operated OSRAM POWERstixx made of anodized aluminum can be individually tailored in no time at all thanks to its modular design. An extensive set of modules means that luminaires can be created for almost any lighting task. The clear styling and high-quality design of the luminaire and the bright energysaving Golden DRAGON Plus LEDs make a brilliant combination.
The set comprises 3 × POWERstixx that can be expanded with the Add-on Kit. The Connector Set is the key to even more flexible forms, and the Pendant Kit converts the POWERstixx into an attractive pendant luminaire.

- CE Sign Protection class III, IP20, 50 Hz
